

OUR 40. WHAT WE DO FOR AN ENCORE.

Here is the latest and largest Tartan: a 40-footer even our most determined critics have thunderously applauded.

We approached Tartan 40's development and introduction in the same manner which has been the foundation of our reputation and success.

This Sparkman & Stephens design incorporates an innovative keel/centerboard arrangement. And yet she is a distinguished performer, both upwind and down. Her sailing manners and honest speed are vintage Tartan.

Her construction embodies new technologies as well as tried, proven and sensible techniques. In every respect, Tartans have always been painstakingly crafted.

Her luxurious accommodations are extravagantly furnished and offer master staterooms forward and aft, space, light, ventilation, stowage and comfort in port or in a seaway.

There is much to savor in the quality of her appointments, the graceful sweep of her sheer and the Tartan record of enduring value.

We would expect you to demand and applaud a sea trial. The encore might well be your own Tartan 40.

Write or call for further information: Tartan Marine Company, 320 River Street, Grand River, Ohio 44045, USA. 216/354-5671.
